More jobs from this company

At TechnologyOne, we have one mission – transform business and make life simple for our customers. How do we do this? With the help of awesome people like **YOU**.

To help us accomplish our mission, we need people from all walks of life. We believe a vibrant, diverse and inclusive workforce is the way forward. As an industry leader in diversity, we strive to make TechOne an inclusive place to work for everyone. We run unconscious bias awareness programs, offer career resilience courses, run pay analysis to ensure equitable pay, as well as have several user groups dedicated to promoting diversity, including "Women as One" and "Ally at TechOne". Philanthropic? TechOne has you covered! The TechOne Foundation is dedicated to

lifting 500,000 children out of poverty. We do this with our "1% pledge" – 1% of time, product, and profit. By donating not only 1% of our company profit, but also our software, we are able to make an immediate and lasting impact with organisations around the world. TechnologyOne employees are also gifted 2.5 days each year to use towards volunteering at any of our registered charities.

No matter how you prefer to do it, TechnologyOne is set up to allow you to make an impact.

We are looking for a talented Graduate Software Developer to join TechnologyOne and work from our Perth office.

From your first day, you will be mentored by team members to grow your skillset and help revolutionise the ERP Software space and create insanely great, market-leading solutions that delight, amaze, and transform our customer's business.

About you…

- Recently Graduated with your Bachelors, Masters, or PhD in a Software related field, on track to graduate by December 2022.
- Experience with .Net framework, .Net Core and C#
- You thrive on solving complex problems and enjoy a new challenge
- A desire to be an impactful Full-Stack Developer

*We're not expecting perfection, we're looking for potential. If you haven't ticked off all of the above yet, but want to, we **strongly** encourage you to submit your application. We can help you realise your potential.*

What you'll be doing…

- Grow your career and skillset under the guidance of a high-performing, collaborative team
- Developing a deep and 'hands on' understanding of the product: its features, functions, design and architecture to develop amazing code
- Performing analysis on business problems to develop smart solutions that make life simple for our customers
- Delivering exceptional bug free software
- Personally using and testing the software as it is being built to ensure it is of the highest quality and insanely great

Benefits…

- Amazing events in our office such as Hack Days, celebrating and fundraising for our charitable Foundation, our Marvels and many more!
- Competitive remuneration packages
- Additional 2.5 days of annual leave dedicated to volunteering through our Foundation with some of our wonderful charity partners
- Option to purchase up to 2 extra weeks of annual leave

- Meaningful initiatives to support your financial, physical and mental wellbeing

More about TechOne…

TechnologyOne (ASX:TNE) is Australia's largest enterprise software company and one of Australia's top 150 ASX-listed companies, with offices across six countries. We create solutions that transform business and make life simple for our customers. We do this by providing powerful, deeply integrated enterprise software that is incredibly easy to use. Over 1,200 leading corporations, government departments and statutory authorities are powered by our software.

We pride ourselves on providing our people with earned recognition through career progression, competitive salaries and a supportive environment. We double in size approximately every 4-5 years so career opportunities abound. Everything is about to change. Are you ready?
